HOSTING BIG 3

1 | WELCOME 🙌

First, welcome each guest into the chat area. You can use @ tagging like on Instagram or Twitter to welcome each guest by name. A friendly welcome can be made even friendlier by using exclamation marks and smiley faces!

HOSTING BIG 3

2 | SPARK DISCUSSION

Next, spark discussion in the chat area. You can do this by asking icebreaker questions (such as “Where is everyone joining us from today?”)

Recap key points from the message, suggest helpful resources, and redirect of-topic or inappropriate conversations back to the message.

If you’re not sure what to ask, open-ended questions—questions beginning with who, what, when, where, why, or how—are great conversation starters.

HOSTING BIG 3

3 | PRAY 🙏

A Chat Host offers prayer to people in the chat area.

You can pray with people right in the chat area, or encourage them to click the Live Prayer button to pray with a volunteer privately. It's amazing to see how loved people feel when someone reaches out to pray with them!
